

HARYANA WATER RESOURCES AUTHORITY

PUBLIC NOTICE

Haryana Water Resources Authority (in short HWRA) established by Government of Haryana for conservation, management and regulation of water resources within the State, invites applications on the online Portal from the Industry/Mining/Infrastructure projects drawing or propose to draw ground water, for seeking permission / No Objection Certificate. Infrastructure Projects include Hospitals / Nursing Home, Educational Institutions / Schools, Restaurants / Hotels / Dhabas, Shopping Malls / Multiplexes, Clubs, Housing Societies etc.

Micro & Small Industries (MSEs) drawing ground water less than 10 m³/day are required to apply for registration only. For details, please refer to Guidelines notification dated 10.9.2021 available on <https://hwra.org.in>.

In case, the Industry/Mining/Infrastructure projects are drawing ground water but have not applied to HWRA either for seeking permission/NOC for abstraction of ground water or for Registration in case of MSEs drawing ground water less than 10 m³/day, it tantamount to illegal extraction of ground water and therefore, are liable to penal action(s) under HWRA Act besides banning the operation of machinery using electricity or any industrial or non-industrial processes using water in the premises, Imposition of Environmental Compensation etc.

Industry/Mining/Infrastructure projects abstracting or proposing to extract the ground water must apply immediately to HWRA for obtaining Permission/NOC or for Registration (as the case may be) through online portal i.e. <https://hwra.org.in> as per existing rules and instructions.

**Chairperson,
Haryana Water Resources Authority**
